

PEBBLE STONE SERIES

Nature Texture | Warm Spaces | Timeless Beauty

Bring natural beauty to every garden.

Gemstone Waters Series

Natural harmony flowing through every stone detail.

Inspired by river-worn pebbles and the shimmering beauty of precious gems, the Gemstone Waters Series brings nature's tranquility into every space. Smooth textures, organic forms, and subtle depth evoke the feeling of crystal-clear streams. Each piece creates a soothing atmosphere where elegance flows naturally and timeless beauty gently endures.

FIRE & WATER RESISTANT

Glass material is naturally non-combustible and highly resistant to water, making it suitable for both indoor and outdoor applications.

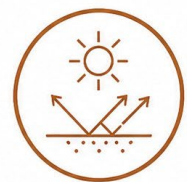

VIBRANT & FADE RESISTANT

Rich, brilliant colors maintain their visual appeal over time, offering long-lasting decorative beauty.

HIGH DURABILITY

Durable glass construction provides excellent resistance to weathering and everyday environmental exposure.

BRILLIANT LIGHT REFLECTION

Irregular glass surfaces reflect and refract light beautifully, creating sparkling depth and a premium decorative effect.

Eternal Stoneworks Series

Authentic stone beauty, inspired by earth's grace.

Shaped by time and inspired by nature, the Eternal Stoneworks Collection captures the quiet beauty of pebble stones polished by flowing waters. Every piece carries a sense of authenticity, texture, and calm. Blending organic charm with timeless elegance, it creates spaces that feel grounded, serene, and forever connected to nature.

100% NATURAL STONE

Made from carefully selected natural stone, each pebble features unique colors, textures and subtle variations for an authentic natural appearance.

UNIQUE NATURAL VARIATIONS

Each pebble features naturally occurring variations in color, pattern, shape and texture, creating a distinctive and organic decorative effect.

HIGH DURABILITY

Naturally strong and durable, offering reliable performance and long-lasting beauty in a wide range of environments.

VERSATILE APPLICATION

Ideal for gardens, landscapes, pathways, water features, decorative areas and a wide range of indoor and outdoor applications.
